Let's get to it:

Increase or decrease the design
so the spots are all hidden.

Cut design out of scrap fabric,
pin to place on tee.

Use a tight zig-zag stitch to
apply the design onto the tee,
making sure not to distort the
shape while you sew.

Cut 'face' shape out of felt, zig-zag
onto the design.

Sew on buttons for the eyes,
and glue triangular shape for the mouth.
Cut out hearts if desired and glue on as well.

Done!

And little Mrs/Mr. Messy will love
wearing that tee for a little while longer.
